SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark One)

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended **March 31, 2022**

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission File Number **001-36589**

WILHELMINA INTERNATIONAL, INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

74-2781950

(I.R.S. Employer Identification No.)

5420 Lyndon B Johnson Freeway, Box #25, Dallas, Texas

(Address of principal executive offices)

75240

(Zip Code)

(214) 661-7488

(Registrant's telephone number, including area code)

n/a

(Former name, former address and former fiscal year, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.01 par value	WHLM	Nasdaq Capital Market

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Non-accelerated filer

Emerging growth company

Accelerated filer

Smaller reporting company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of May 11, 2022, the registrant had 5,157,344 shares of common stock outstanding.

WILHELMINA INTERNATIONAL, INC. AND SUBSIDIARIES
NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

Note 1. Basis of Presentation

The interim consolidated financial statements included herein have been prepared by Wilhelmina International, Inc. (together with its subsidiaries, "Wilhelmina" or the "Company") without audit, pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Although certain information and footnote disclosures normally included in consolidated financial statements prepared in accordance with generally accepted principles in the United States of America ("GAAP") have been condensed or omitted pursuant to those rules and regulations, all adjustments considered necessary in order to make the consolidated financial statements not misleading have been included. In the opinion of the Company's management, the accompanying interim unaudited consolidated financial statements reflect all adjustments, of a normal recurring nature, that are necessary for a fair presentation of the Company's consolidated balance sheets, statements of income and comprehensive income, statements of shareholders' equity, and cash flows for the periods presented. These interim unaudited consolidated financial statements should be read in conjunction with the audited consolidated financial statements and the notes thereto included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2021. Results of operations for the interim periods are not necessarily indicative of results that may be expected for any other interim periods or the full fiscal year.

Note 2. Business Activity

The primary business of Wilhelmina is fashion model management. These business operations are headquartered in New York City. The Company's predecessor was founded in 1967 by Wilhelmina Cooper, a renowned fashion model, and became one of the oldest, best known and largest fashion model management companies in the world. Since its founding, Wilhelmina has grown to include operations located in Los Angeles, Miami, and London, as well as a network of licensees. Wilhelmina provides traditional, full-service fashion model and talent management services, specializing in the representation and management of models, entertainers, athletes and other talent, to various clients, including retailers, designers, advertising agencies, print and electronic media and catalog companies.

Note 3. Foreign Currency Translation

The functional currency of our subsidiary in the United Kingdom is the British Pound. Assets and liabilities are translated into U.S. dollars at the exchange rates in effect at each balance sheet date. Results of operations are translated using the weighted average exchange rates during reporting periods. Related translation adjustments are accumulated in a separate component of stockholder's equity and transaction gains and losses are recognized in the consolidated statements of income and comprehensive income when realized.

Note 4. Debt

The Company has a credit agreement with Amegy Bank which provides a \$3.0 million revolving line of credit, subject to a borrowing base derived from 80% of eligible accounts receivable (as defined) and the Company's minimum net worth covenant. The revolving line of credit bears interest at prime plus 0.50% payable monthly. The Company had borrowing capacity of \$3.0 million at March 31, 2022. The revolving line of credit expires October 24, 2022. The Company was in compliance with its bank covenants as of March 31, 2022.

On July 16, 2018, the Company amended its credit agreement with Amegy Bank to provide for a term loan of up to \$1.0 million that could be drawn by the Company through July 12, 2019, for the purpose of repurchases of its common stock. On August 1, 2018, the Company drew \$0.7 million of the additional term loan and used the proceeds to fund the purchase of 100,000 shares of its common stock in a private transaction. On December 12, 2018, the Company drew \$0.3 million of the additional term loan and used the proceeds to partially fund a purchase of 50,000 shares of its common stock in a private transaction. On August 31, 2021, the Company prepaid, without penalty, the \$0.6 million remaining balance of the additional term loan. As of March 31, 2022, there was no outstanding balance on the term loan.

On April 15, 2020, Wilhelmina International, Ltd. (the "Borrower"), a wholly-owned subsidiary of the Company, executed a Business Loan Agreement and a Promissory Note each dated April 13, 2020 (collectively, the "Sub PPP Loan Documents"), with respect to a loan in the amount of \$1.8 million (the "Sub PPP Loan") from Amegy Bank. The Sub PPP Loan was obtained pursuant to the federal Paycheck Protection Program (the "PPP"). The Sub PPP Loan originally matured on April 13, 2022 and bore interest at a rate of 1.00% per annum. As allowed under the Paycheck Protection Flexibility Act, the Sub PPP Loan was extended to mature on April 13, 2025. On March 27, 2021, the Company received notice from the SBA that the Sub PPP loan, including \$17 thousand accrued interest, had been fully forgiven, resulting in \$1.9 million of gain on forgiveness of loan recorded within other (income) expenses during the quarter ended March 31, 2021.

On April 18, 2020, the Company executed a Business Loan Agreement and a Promissory Note each dated April 17, 2020 (collectively, the "Parent PPP Loan Documents"), with respect to a loan in the amount of \$128 thousand (the "Parent PPP Loan") from Amegy Bank. The Parent PPP Loan was also obtained pursuant to the PPP. The Parent PPP Loan originally matured on April 17, 2022 and bore interest at a rate of 1.00% per annum. As allowed under the Paycheck Protection Flexibility Act, the Parent PPP Loan was extended to mature on April 17, 2025. On April 3, 2021, the Company received notice from the SBA that the Parent PPP Loan, including \$1 thousand accrued interest, had been fully forgiven, resulting in \$0.1 million of gain on forgiveness of loan recorded within other (income) expense during the quarter ended June 30, 2021. Under the PPP, the SBA reserves the right to audit any PPP loan forgiveness application for a period of six years from the date of loan forgiveness.

Note 5. Commitments and Contingencies

On October 24, 2013, a putative class action lawsuit was brought against the Company by former Wilhelmina model Alex Shanklin and others, including Louisa Raske, Carina Vretman, Grecia Palomares and Michelle Griffin Trotter (the "Shanklin Litigation"), in New York State Supreme Court (New York County) by the same lead counsel who represented plaintiffs in a prior, now-dismissed action brought by Louisa Raske (the "Raske Litigation"). The claims in the Shanklin Litigation initially included breach of contract and unjust enrichment allegations arising out of matters similar to the Raske Litigation, such as the handling and reporting of funds on behalf of models and the use of model images. Other parties named as defendants in the Shanklin Litigation include other model management companies, advertising firms, and certain advertisers. On January 6, 2014, the Company moved to dismiss the Amended Complaint in the Shanklin Litigation for failure to state a claim upon which relief can be granted and other grounds, and other defendants also filed motions to dismiss. On August 11, 2014, the court denied the motion to dismiss as to Wilhelmina and other of the model management defendants. Separately, on March 3, 2014, the judge assigned to the Shanklin Litigation wrote the Office of the New York Attorney General bringing the case to its attention, generally describing the claims asserted therein against the model management defendants, and stating that the case "may involve matters in the public interest." The judge's letter also enclosed a copy of his decision in the Raske Litigation, which dismissed that case.

Plaintiffs retained substitute counsel, who filed a Second and then Third Amended Complaint. Plaintiffs' Third Amended Complaint asserts causes of action for alleged breaches of the plaintiffs' management contracts with the defendants, conversion, breach of the duty of good faith and fair dealing, and unjust enrichment. The Third Amended Complaint also alleges that the plaintiff models were at all relevant times employees, and not independent contractors, of the model management defendants, and that defendants violated the New York Labor Law in several respects, including, among other things, by allegedly failing to pay the models the minimum wages and overtime pay required thereunder, not maintaining accurate payroll records, and not providing plaintiffs with full explanations of how their wages and deductions therefrom were computed. The Third Amended Complaint seeks certification of the action as a class action, damages in an amount to be determined at trial, plus interest, costs, attorneys' fees, and such other relief as the court deems proper. On October 6, 2015, Wilhelmina filed a motion to dismiss as to most of the plaintiffs' claims. The Court entered a decision granting in part and denying in part Wilhelmina's motion to dismiss on May 26, 2017. The Court (i) dismissed three of the five New York Labor Law causes of action, along with the conversion, breach of the duty of good faith and fair dealing and unjust enrichment causes of action, in their entirety, and (ii) permitted only the breach of contract causes of action, and some plaintiffs' remaining two New York Labor Law causes of action to continue, within a limited time frame. The plaintiffs and Wilhelmina each appealed, and the decision was affirmed on May 24, 2018. On August 16, 2017, Wilhelmina timely filed its Answer to the Third Amended Complaint.

On June 6, 2016, another putative class action lawsuit was brought against the Company by former Wilhelmina model Shawn Pressley and others, including Roberta Little (the "Pressley Litigation"), in New York State Supreme Court (New York County) by the same counsel representing the plaintiffs in the Shanklin Litigation, and asserting identical, although more recent, claims as those in the Shanklin Litigation. The Amended Complaint, asserting essentially the same types of claims as in the Shanklin action, was filed on August 16, 2017. Wilhelmina filed a motion to dismiss the Amended Complaint on September 29, 2017, which was granted in part and denied in part on May 10, 2018. Some New York Labor Law and contract claims remain in the case. Pressley has withdrawn from the case, leaving Roberta Little as the sole remaining named plaintiff in the Pressley Litigation. On July 12, 2019, the Company filed its Answer and Counterclaim against Little.

On May 1, 2019, the Plaintiffs in the Shanklin Litigation (except Raske) and the Pressley Litigation filed motions for class certification on their contract claims and the remaining New York Labor Law Claims. On July 12, 2019, Wilhelmina filed its opposition to the motions for class certification and filed a cross-motion for summary judgment against Shanklin, Vretman, Palomares, Trotter and Little, and a motion for summary judgment against Raske.

By Order dated May 8, 2020 (the "Class Certification Order"), the Court denied class certification in the Pressley case, denied class certification with respect to the breach of contract and alleged unpaid usage claims, granted class certification as to the New York Labor Law causes of action asserted by Vretman, Palomares and Trotter, and declined to rule on Wilhelmina's motions for summary judgment, denying them without prejudice to be re-filed at a later date.

The Company believes the claims asserted in the Shanklin Litigation and Pressley Litigation are without merit and intends to continue to vigorously defend the actions.

In addition to the legal proceedings disclosed herein, the Company is also engaged in various legal proceedings that are routine in nature and incidental to its business. None of these routine proceedings, either individually or in the aggregate, are believed likely, in the Company's opinion, to have a material adverse effect on its consolidated financial position or its results of operations.

Note 6. Income Taxes

Generally, the Company's combined effective tax rate is high relative to reported net income as a result of valuation allowances on deferred tax assets, certain amortization expense, stock based compensation, and corporate overhead not being deductible and income being attributable to certain states in which it operates. In recent years, the majority of taxes paid by the Company were state and foreign taxes, not U.S. federal taxes. The Company operates in three states which have relatively high tax rates: California, New York, and Florida. In 2021, the effective tax rate was lower than in typical years due to PPP loan forgiveness, which was not subject to income tax. Realization of net operating loss carryforwards, foreign tax credits, and other deferred tax temporary differences are contingent upon future taxable earnings. The Company's deferred tax assets are reviewed for expected utilization by assessing the available positive and negative factors surrounding recoverability, including projected future taxable income, tax-planning strategies, and results of recent operations. A valuation allowance is recorded when it is more likely than not that a deferred tax asset will not be realized. As of March 31, 2022, due primarily to the effects of the COVID-19 pandemic on its business, the Company maintained a full \$1.4 million valuation allowance against its deferred tax assets. The Company will continue to assess the assumptions used to determine the amount of the valuation allowance and may adjust the valuation allowance in future periods based on changes in estimated future income and other factors.

As of March 31, 2022, the Company had federal income tax loss carryforwards of \$0.8 million.

Note 7. Treasury Shares

During 2012, the Board of Directors authorized a stock repurchase program whereby the Company could repurchase up to 500,000 shares of its outstanding common stock. During 2013, the Board of Directors renewed and extended the Company's share repurchase authority to enable it to repurchase up to an aggregate of 1,000,000 shares of common stock. In 2016, the Board of Directors increased by an additional 500,000 shares the number of shares of the Company's common stock that may be repurchased under its stock repurchase program to an aggregate of 1,500,000 shares. The shares may be repurchased from time to time in the open market or through privately negotiated transactions at prices the Company deems appropriate. The program does not obligate the Company to acquire any particular amount of common stock and may be modified or suspended at any time at the Company's discretion.

From 2012 through March 31, 2022, the Company has repurchased 1,314,694 shares of common stock at an average price of approximately \$4.85 per share, for a total of approximately \$6.4 million in repurchases under the stock repurchase program. During the first three months of 2022, no shares were repurchased under the stock repurchase program.

Note 8. Related Parties

The Executive Chairman of the Company, Mark E. Schwarz, is also the chairman, chief executive officer and portfolio manager of Newcastle Capital Management, L.P. ("NCM"). NCM is the general partner of Newcastle Partners L.P. ("Newcastle"), which is the largest shareholder of the Company.

The Company's corporate headquarters are located at the offices of NCM. The Company utilizes NCM facilities on a month-to-month basis at \$2.5 thousand per month, pursuant to a services agreement entered into between the parties. The Company incurred expenses pursuant to the services agreement totaling \$7.5 thousand for the three months ended both March 31, 2022 and 2021. The Company did not owe NCM any amounts under the services agreement as of March 31, 2022.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following is a discussion of the interim unaudited consolidated financial condition and results of operations for the Company and its subsidiaries for the three months ended March 31, 2022 and 2021. It should be read in conjunction with the financial statements of the Company, the notes thereto and other financial information included elsewhere in this report, and the Company's Annual Report on Form 10-K for the year ended December 31, 2021.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains certain "forward-looking" statements as such term is defined in Section 27A of the Securities Act of 1933, as amended, Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the Private Securities Litigation Reform Act of 1995. Such forward looking statements relating to the Company and its subsidiaries are based on the beliefs of the Company's management as well as information currently available to the Company's management. When used in this report, the words "anticipate," "believe," "estimate," "expect" and "intend" and words or phrases of similar import, as they relate to the Company or Company management, are intended to identify forward-looking statements. Such statements reflect the current risks, uncertainties and assumptions related to certain factors including, without limitation, competitive factors, general economic conditions, the interest rate environment, governmental regulation and supervision, seasonality, changes in industry practices, one-time events and other factors described herein and in other filings made by the Company with the SEC. Should any one or more of these risks or uncertainties materialize, or should any underlying assumptions prove incorrect, actual results may vary materially from those described herein as anticipated, believed, estimated, expected or intended. The Company does not undertake any obligation to publicly update these forward-looking statements. As a result, you should not place undue reliance on these forward-looking statements.

OVERVIEW

The primary business of Wilhelmina is fashion model management. These business operations are headquartered in New York City. The Company's predecessor was founded in 1967 by Wilhelmina Cooper, a renowned fashion model, and became one of the oldest, best known and largest fashion model management companies in the world. Since its founding, Wilhelmina has grown to include operations located in Los Angeles, Miami, and London, as well as a network of licensees. Wilhelmina provides traditional, full-service fashion model and talent management services, specializing in the representation and management of models, entertainers, athletes and other talent, to various clients, including retailers, designers, advertising agencies, print and electronic media and catalog companies.

Trends and Opportunities

The Company expects that the combination of Wilhelmina's main operating base in New York City, the industry's capital, with the depth and breadth of its talent pool and client roster and its diversification across various talent management segments, together with its geographical reach, should make Wilhelmina's operations more resilient to industry changes and economic swings than those of many of the smaller firms operating in the industry.

With total annual advertising expenditures on major media (newspapers, magazines, television, cinema, outdoor and Internet) estimated to have exceeded \$270 billion in recent years, North America the world's largest advertising market. For the fashion talent management industry, including Wilhelmina, advertising expenditures on television, Internet, magazines, and outdoor are of particular relevance.

In recent periods, traditional retail clients in the fashion and beauty industry have had increased competition from digital, social, and new media, reducing their budgets for advertising and model talent. Wilhelmina reviews the mix of talent and resources available to best operate in the changing environment.

Although Wilhelmina has a large and diverse client base, it is not immune to global economic conditions. The Company closely monitors economic conditions, client spending, and other industry factors and continually evaluates opportunities to increase its market share and further expand its geographic reach. There can be no assurance as to the effects on Wilhelmina of current or future economic circumstances, client spending patterns, client creditworthiness and other developments and whether, or to what extent, Wilhelmina's efforts to respond to them will be effective.

Strategy

Management's long-term strategy is to increase value to shareholders through the following initiatives:

- increase Wilhelmina's brand awareness among advertisers and potential talent;
- expand the women's high end fashion board;
- expand the Aperture division's representation in commercials, film, and television;
- expand celebrity and social media influencer representation;
- expand the Wilhelmina network through strategic geographic market development; and
- promote model search contests and events and partner on media projects (television, film, books, etc.).

The Company makes use of digital technology to effectively connect with clients and talent, utilizing video conferencing and other digital tools to best position our team to identify opportunities to grow the careers of the talent we represent and expand our business. The Company has made significant investments in technology, infrastructure, and personnel, to support our clients and talent.

Key Financial Indicators

In addition to net income, the key financial indicators that the Company reviews to monitor its business are revenues, model costs, operating expenses and cash flows.

The Company analyzes revenue by reviewing the mix of revenues generated by the different "boards," each a specific division of the fashion model management operations which specializes by the type of model it represents, by geographic locations and from significant clients. Wilhelmina's primary sources of revenue include: (i) revenues from principal relationships where the gross amount billed to the client is recorded as revenue when earned and collectability is reasonably assured; and (ii) separate service charges, paid by clients in addition to the booking fees, which are calculated as a percentage of the models' booking fees and are recorded as revenues when earned and collectability is reasonably assured. See "Critical Accounting Policies - Revenue Recognition."

Wilhelmina provides professional services. Therefore, salary and service costs represent the largest part of the Company's operating expenses. Salary and service costs are comprised of payroll and related costs and travel, meals and entertainment ("T&E") to deliver the Company's services and to enable new business development activities.

Analysis of Consolidated Statements of Income and Service Revenues

(in thousands)

	March 31 2022	Three Months Ended March 31 2021	% Change 2022 vs 2021

Effective tax rate	14.6%	3.2%	
NET INCOME	739	2,221	(66.7%)

*Not meaningful

Service Revenues

The Company's service revenues fluctuate in response to its clients' willingness to spend on advertising and the Company's ability to have the desired talent available. The increase of 39.0% for the three months ended March 31, 2022, when compared to the three months ended March 31, 2021, was primarily due to increased bookings as the cities where Wilhelmina operates reopened and business activity increased as COVID-19 pandemic restrictions were moderated or rescinded.

License Fees and Other Income

License fees and other income include franchise revenues from independently owned model agencies that use the Wilhelmina trademark and various services provided by the Company. License fees decreased by 30.0% for the three months ended March 31, 2022, when compared to three months ended March 31, 2021, primarily due to the timing of income from licensing agreements.

Gross Profit Margin

Gross profit margin decreased by 60 basis points for the three months ended March 31, 2022, when compared to the three months ended March 31, 2021, primarily due to a change in board revenue mix and a larger percentage of consolidated revenue from the Aperture division in 2022, which is lower margin than traditional core model bookings.

Salaries and Service Costs

Salaries and service costs consist of payroll related costs and T&E required to deliver the Company's services to its clients and talents. The 41.7% increase in salaries and service costs during the three months ended March 31, 2022, when compared to the three months ended March 31, 2021, was primarily due to temporary reductions in staff salaries in the prior year, which returned to full salary in July 2021.

Office and General Expenses

Office and general expenses consist of office and equipment rents, advertising and promotion, insurance expenses, administration and technology cost. The decrease in office and general expenses of 17.1% for the three months ended March 31, 2022, when compared to the three months ended March 31, 2021, was primarily due to reduced rent expense, other office related expenses, utilities, computer expenses, and legal expenses.

Amortization and Depreciation

Amortization and depreciation expense is incurred with respect to certain assets, including computer hardware, software, office equipment, furniture, and finance leases. Amortization and depreciation expense decreased by 77.8% for the three months ended March 31, 2022 compared to the three months ended March 31, 2021 primarily due to reduced depreciation of assets that became fully amortized in 2021. Fixed asset purchases (mostly related to technology and computer equipment) totaled \$15 thousand during the three months ended March 31, 2022, compared to \$4 thousand for the three months ended March 31, 2021.

Corporate Overhead

Corporate overhead expenses include director and executive officer compensation, legal, audit and professional fees, corporate office rent and travel. Corporate overhead increased by 3.7% for the three months ended March 31, 2022, compared to the three months ended March 31, 2021, primarily due to a temporary reduction in fees paid to corporate employees and the Company's directors in the prior year that returned to full fee in July 2021.

Operating Income and Loss and Operating Margin

Operating income was \$0.9 million for the three months ended March 31, 2022 compared to income of \$0.1 million in the three months ended March 31, 2021. As a result, operating margin increased to 5.3% for the three months ended March 31, 2022, compared to 0.8% for the three months ended March 31, 2021. These improvements were primarily the result of increased revenue net of model costs.

Foreign Currency Exchange

The Company realized a \$6 thousand loss from foreign currency exchange during the three months ended March 31, 2022, and loss of \$68 thousand from foreign currency exchange during the three months ended March 31, 2021. Foreign currency gain and loss is due to fluctuations in currencies from Great Britain, Europe, and Latin America.

Gain on Forgiveness of Loan

On March 27, 2021, the Company received notice from the SBA that \$1.9 million of loans under the PPP were forgiven. The Company recorded these gains on forgiveness of loan during the first quarter of 2021.

Employee Retention Payroll Tax Credit

During 2021, the Company was eligible for a one-time employee retention payroll tax credit as a refundable credit against certain employment taxes of up to \$7,000 per employee. The Company recorded \$0.4 million of employee retention payroll tax credits during the three months ended March 31, 2021.

Interest Expense

Interest expense of \$3 thousand for the three months ended March 31, 2022 was primarily attributable to interest on finance leases. Interest expense of \$29 thousand for the three months ended March 31, 2021 was primarily attributable to accrued interest on a term loan drawn during 2018, which was fully repaid during the second half of 2021. See, "Liquidity and Capital Resources."

Income and Loss before Income Taxes

Income before income taxes of \$0.9 million for the three months ended March 31, 2022, compared to \$2.3 million for the three months ended March 31, 2021. The higher pre-tax income in 2021 was primarily due to the gain on forgiveness of loans and employee retention payroll tax credits, partially offset by lower operating income.

Income Taxes

Generally, the Company's combined effective tax rate is high relative to reported net income as a result of certain valuation allowances on deferred tax assets, amortization expense, foreign taxes, and corporate overhead not being deductible and income being attributable to certain states in which it operates. The Company operates in three states, which have relatively high tax rates: California, New York, and Florida. In addition, foreign taxes in the United Kingdom related to our London office are not deductible from U.S. federal taxes. In 2021, the effective tax rate was lower due to PPP loan forgiveness, which was not subject to income tax. The Company had income tax expense of \$0.1 million for the three months ended March 31, 2022 and 2021.

Net Income and Loss

The Company had net income of \$0.7 million for the three months ended March 31, 2022, compared to net income of \$2.2 million for the three months ended March 31, 2021. In 2021, the net income was primarily related to the gain on forgiveness of PPP loans and employee retention payroll tax credits.

Liquidity and Capital Resources

The Company's cash balance decreased to \$9.4 million at March 31, 2022 from \$10.3 million at December 31, 2021. The cash balances decreased as a result of \$0.7 million net cash used in operating activities, \$15 thousand net cash used in investing activities, \$17 thousand cash used in financing activities, and \$0.1 million adverse effect of exchange rate on cash flow during the three months ended March 31, 2022.

Net cash used in operating activities of \$0.7 million was primarily the result of increases in accounts receivable and prepaid expenses and decreases in accounts payable and accrued expenses, deferred revenue, and lease liabilities, partially offset by net income and an increase in deferred income tax liability. The \$15 thousand cash used in investing activities was attributable to purchases of property and equipment, including software and computer equipment. The \$17 thousand cash used in financing activities was attributable to payments on finance leases.

The Company's primary liquidity needs are for working capital associated with performing services under its client contracts. Generally, the Company incurs significant operating expenses with payment terms shorter than its average collections on billings. Based on budgeted and year-to-date cash flow information, management believes that the Company has sufficient liquidity to meet its projected operational expenses and capital expenditure requirements for the next twelve months and beyond.

Amegy Bank Credit Agreement

The Company has a credit agreement with Amegy Bank which provides a \$3.0 million revolving line of credit, subject to a borrowing base derived from 80% of eligible accounts receivable (as defined) and the Company's minimum net worth covenant. The revolving line of credit bears interest at prime plus 0.50% payable monthly. The Company had borrowing capacity of \$3.0 million at March 31, 2022. The revolving line of credit expires October 24, 2022. The Company was in compliance with its bank covenants as of March 31, 2022.

On July 16, 2018, the Company amended its credit agreement with Amegy Bank to provide for a term loan of up to \$1.0 million that could be drawn by the Company through July 12, 2019, for the purpose of repurchases of its common stock. On August 1, 2018, the Company drew \$0.7 million of the additional term loan and used the proceeds to fund the purchase of 100,000 shares of its common stock in a private transaction. On December 12, 2018, the Company drew \$0.3 million of the additional term loan and used the proceeds to partially fund a purchase of 50,000 shares of its common stock in a private transaction. On August 31, 2021, the Company prepaid, without penalty, the \$0.6 million remaining balance of the additional term loan. As of March 31, 2022, there was no outstanding balance on the term loan.

Paycheck Protection Program Loans

On April 15, 2020, Wilhelmina International, Ltd. (the "Borrower"), a wholly-owned subsidiary of the Company, executed a Business Loan Agreement and a Promissory Note each dated April 13, 2020 (collectively, the "Sub PPP Loan Documents"), with respect to a loan in the amount of \$1.8 million (the "Sub PPP Loan") from Amegy Bank. The Sub PPP Loan was obtained pursuant to the federal Paycheck Protection Program (the "PPP"). The Sub PPP Loan originally matured on April 13, 2022 and bore interest at a rate of 1.00% per annum. As allowed under the Paycheck Protection Flexibility Act, the Sub PPP Loan was extended to mature on April 13, 2025. On March 27, 2021, the Company received notice from the SBA that the Sub PPP loan, including \$17 thousand accrued interest, had been fully forgiven, resulting in \$1.9 million of gain on forgiveness of loan recorded within other (income) expenses during the quarter ended March 31, 2021.

On April 18, 2020, the Company executed a Business Loan Agreement and a Promissory Note each dated April 17, 2020 (collectively, the "Parent PPP Loan Documents"), with respect to a loan in the amount of \$128 thousand (the "Parent PPP Loan") from Amegy Bank. The Parent PPP Loan was also obtained pursuant to the PPP. The Parent PPP Loan originally matured on April 17, 2022 and bore interest at a rate of 1.00% per annum. As allowed under the Paycheck Protection Flexibility Act, the Parent PPP Loan was extended to mature on April 17, 2025. On April 3, 2021, the Company received notice from the SBA that the Parent PPP Loan, including \$1 thousand accrued interest, had been fully forgiven, resulting in \$0.1 million of gain on forgiveness of loan recorded within other (income) expense during the quarter ended June 30, 2021. Under the PPP, the SBA reserves the right to audit any PPP loan forgiveness application for a period of six years from the date of loan forgiveness.

Critical Accounting Policies

Basis of Presentation

The consolidated financial statements include the accounts of Wilhelmina and its wholly owned subsidiaries. All significant inter-company accounts and transactions have been eliminated in consolidation.

Revenue Recognition

The Company has adopted the requirements of Accounting Standards Update (“ASU”) No. 2014-09, Revenue from Contracts with Customers (Topic 606) (“ASC 606”). ASC 606 establishes a principle for recognizing revenue upon the transfer of promised goods or services to customers, in an amount that reflects the expected consideration received in exchange for those goods or services.

Our revenues are derived primarily from fashion model bookings, and representation of social media influencers and actors for commercials, film, and television. Our performance obligations are primarily satisfied at a point in time when the talent has completed the contractual requirements.

A contract’s transaction price is allocated to each distinct performance obligation and recognized as revenue when, or as, the performance obligation is satisfied. The performance obligations for most of the Company’s core modeling bookings are satisfied on the day of the event, and the “day rate” total fee is agreed in advance when the customer books the model for a particular date. For contracts with multiple performance obligations, we allocate the contract’s transaction price to each performance obligation based on the estimated relative standalone selling price.

Model Costs

Model costs include amounts owed to talent, including taxes required to be withheld and remitted directly to taxing authorities, commissions owed to other agencies, and related costs such as those paid for photography. Costs are accrued in the period in which the event takes place consistent with when the revenue is recognized. The Company typically enters into contractual agreements with models under which the Company is obligated to pay talent upon collection of fees from the customer.

Share Based Compensation

Share-based compensation expense is estimated at the grant date based on the award’s fair value as calculated by the Black-Scholes option pricing model and is recognized on a straight line basis as an expense over the requisite service period, which is generally the vesting period. The determination of the fair value of share-based awards on the date of grant using an option pricing model is affected by our stock price as well as assumptions regarding a number of complex and subjective variables. These variables include the estimated volatility over the expected term of the awards, actual and projected employee stock option exercise behaviors, risk-free interest rates, estimated forfeitures and expected dividends.

Income Taxes

We are subject to income taxes in the United States, the United Kingdom, and numerous local jurisdictions.

Deferred tax assets are recognized for unused tax losses, unused tax credits, and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Unused tax loss carry-forwards are reviewed at each reporting date and a valuation allowance is established if it is doubtful we will generate sufficient future taxable income to utilize the loss carry-forwards.

In determining the amount of current and deferred income tax, we take into account whether additional taxes, interest, or penalties may be due. Although we believe that we have adequately reserved for our income taxes, we can provide no assurance that the final tax outcome will not be materially different. To the extent that the final tax outcome is different than the amounts recorded, such differences will affect the provision for income taxes in the period in which such determination is made and could have a material impact on our financial condition and operating results.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are accounted for at net realizable value, do not bear interest and are short-term in nature. The Company maintains an allowance for doubtful accounts for estimated losses resulting from the inability to collect on accounts receivable. Based on management’s assessment, the Company provides for estimated uncollectible amounts through a charge to earnings and a credit to the allowance. Balances that remain outstanding after the Company has used reasonable collection efforts are written off through a charge to the allowance and a credit to accounts receivable. The Company generally does not require collateral.

The Company performs impairment testing at least annually and more frequently if events and circumstances indicate that the asset might be impaired. An impairment loss is recognized to the extent that the carrying amount exceeds the reporting unit's fair value. The Company sometimes utilizes an independent valuation specialist to assist with the determination of fair value. In accordance with ASU 2017-03, effective January 1, 2020, only a one-step quantitative impairment test is performed, whereby a goodwill impairment loss will be measured as the excess of a reporting unit's carrying amount over its fair value. If the carrying amount of the reporting unit's goodwill exceeds its fair value, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill.

Whenever events or circumstances change, entities have the option to first make a qualitative evaluation about the likelihood of goodwill impairment. If impairment is deemed more likely than not, management would perform the goodwill impairment test. Otherwise, the goodwill impairment test is not required. In assessing the qualitative factors, the Company assesses relevant events and circumstances that may impact the fair value and the carrying amount of the reporting unit. The identification of relevant events and circumstances and how these may impact a reporting unit's fair value or carrying amount involve significant judgments and assumptions. The judgment and assumptions include the identification of macroeconomic conditions, industry and market considerations, overall financial performance, Company specific events and share price trends, an assessment of whether each relevant factor will impact the impairment test positively or negatively, and the magnitude of any such impact

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Not required for smaller reporting company

Item 4. Controls and Procedures.

The Company maintains disclosure controls and procedures designed to ensure that information it is required to disclose in the reports filed or submitted under the Exchange Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms. The Company's disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports filed or submitted under the Exchange Act is accumulated and communicated to the Company's management, including its principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

The Company's management, including the Company's principal executive officer and principal financial officer have evaluated the Company's disclosure controls and procedures as of the end of the period covered by this report. Based on such evaluation, the Company's principal executive officer and principal financial officer have concluded that the Company's disclosure controls and procedures were effective as of the end of the period covered by this report.

During the most recent fiscal quarter, there have been no changes in the Company's internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II
OTHER INFORMATION

Item 1. Legal Proceedings.

On October 24, 2013, a putative class action lawsuit was brought against the Company by former Wilhelmina model Alex Shanklin and others, including Louisa Raske, Carina Vretman, Grecia Palomares and Michelle Griffin Trotter (the “Shanklin Litigation”), in New York State Supreme Court (New York County) by the same lead counsel who represented plaintiffs in a prior, now-dismissed action brought by Louisa Raske (the “Raske Litigation”). The claims in the Shanklin Litigation initially included breach of contract and unjust enrichment allegations arising out of matters similar to the Raske Litigation, such as the handling and reporting of funds on behalf of models and the use of model images. Other parties named as defendants in the Shanklin Litigation include other model management companies, advertising firms, and certain advertisers. On January 6, 2014, the Company moved to dismiss the Amended Complaint in the Shanklin Litigation for failure to state a claim upon which relief can be granted and other grounds, and other defendants also filed motions to dismiss. On August 11, 2014, the court denied the motion to dismiss as to Wilhelmina and other of the model management defendants. Separately, on March 3, 2014, the judge assigned to the Shanklin Litigation wrote the Office of the New York Attorney General bringing the case to its attention, generally describing the claims asserted therein against the model management defendants, and stating that the case “may involve matters in the public interest.” The judge’s letter also enclosed a copy of his decision in the Raske Litigation, which dismissed that case.

Plaintiffs retained substitute counsel, who filed a Second and then Third Amended Complaint. Plaintiffs’ Third Amended Complaint asserts causes of action for alleged breaches of the plaintiffs’ management contracts with the defendants, conversion, breach of the duty of good faith and fair dealing, and unjust enrichment. The Third Amended Complaint also alleges that the plaintiff models were at all relevant times employees, and not independent contractors, of the model management defendants, and that defendants violated the New York Labor Law in several respects, including, among other things, by allegedly failing to pay the models the minimum wages and overtime pay required thereunder, not maintaining accurate payroll records, and not providing plaintiffs with full explanations of how their wages and deductions therefrom were computed. The Third Amended Complaint seeks certification of the action as a class action, damages in an amount to be determined at trial, plus interest, costs, attorneys’ fees, and such other relief as the court deems proper. On October 6, 2015, Wilhelmina filed a motion to dismiss as to most of the plaintiffs’ claims. The Court entered a decision granting in part and denying in part Wilhelmina’s motion to dismiss on May 26, 2017. The Court (i) dismissed three of the five New York Labor Law causes of action, along with the conversion, breach of the duty of good faith and fair dealing and unjust enrichment causes of action, in their entirety, and (ii) permitted only the breach of contract causes of action, and some plaintiffs’ remaining two New York Labor Law causes of action to continue, within a limited time frame. The plaintiffs and Wilhelmina each appealed, and the decision was affirmed on May 24, 2018. On August 16, 2017, Wilhelmina timely filed its Answer to the Third Amended Complaint.

On June 6, 2016, another putative class action lawsuit was brought against the Company by former Wilhelmina model Shawn Pressley and others, including Roberta Little (the “Pressley Litigation”), in New York State Supreme Court (New York County) by the same counsel representing the plaintiffs in the Shanklin Litigation, and asserting identical, although more recent, claims as those in the Shanklin Litigation. The Amended Complaint, asserting essentially the same types of claims as in the Shanklin action, was filed on August 16, 2017. Wilhelmina filed a motion to dismiss the Amended Complaint on September 29, 2017, which was granted in part and denied in part on May 10, 2018. Some New York Labor Law and contract claims remain in the case. Pressley has withdrawn from the case, leaving Roberta Little as the sole remaining named plaintiff in the Pressley Litigation. On July 12, 2019, the Company filed its Answer and Counterclaim against Little.

On May 1, 2019, the Plaintiffs in the Shanklin Litigation (except Raske) and the Pressley Litigation filed motions for class certification on their contract claims and the remaining New York Labor Law Claims. On July 12, 2019, Wilhelmina filed its opposition to the motions for class certification and filed a cross-motion for summary judgment against Shanklin, Vretman, Palomares, Trotter and Little, and a motion for summary judgment against Raske.

By Order dated May 8, 2020 (the “Class Certification Order”), the Court denied class certification in the Pressley case, denied class certification with respect to the breach of contract and alleged unpaid usage claims, granted class certification as to the New York Labor Law causes of action asserted by Vretman, Palomares and Trotter, and declined to rule on Wilhelmina’s motions for summary judgment, denying them without prejudice to be re-filed at a later date.

The Company believes the claims asserted in the Shanklin Litigation and Pressley Litigation are without merit and intends to continue to vigorously defend the actions.

In addition to the legal proceedings disclosed herein, the Company is also engaged in various legal proceedings that are routine in nature and incidental to its business. None of these routine proceedings, either individually or in the aggregate, are believed likely, in the Company’s opinion, to have a material adverse effect on its consolidated financial position or its results of operations.

Item 1.A. Risk Factors.

Not required for smaller reporting company.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

During 2012, the Board of Directors authorized a stock repurchase program whereby the Company could repurchase up to 500,000 shares of its outstanding common stock. During 2013, the Board of Directors renewed and extended the Company's share repurchase authority to enable it to repurchase up to an aggregate of 1,000,000 shares of common stock. In 2016, the Board of Directors increased by an additional 500,000 shares the number of shares of the Company's common stock which may be repurchased under its stock repurchase program to an aggregate of 1,500,000 shares. The shares may be repurchased from time to time in the open market or through privately negotiated transactions at prices the Company deems appropriate. The program does not obligate the Company to acquire any particular amount of common stock and may be modified or suspended at any time at the Company's discretion. The Company did not make any purchases pursuant to the stock repurchase program during the quarter ended March 31, 2022.

Item 3. Defaults Upon Senior Securities.

None.

Item 4. Mine Safety Disclosures.

Not applicable.

Item 5. Other Information.

Not applicable.

Item 6. Exhibits.

The following is a list of exhibits filed as part of this Form 10-Q:

Exhibit No.	Description
3.1	Restated Certificate of Incorporation of Wilhelmina International, Inc. (incorporated by reference from Exhibit 3.1 to Form S-1/A, filed January 30, 2012).
3.2	Certificate of Amendment of the Restated Certificate of Incorporation of Wilhelmina International, Inc. (incorporated by reference from Exhibit 3.1 to the Form 8-K, filed July 15, 2014).
3.3	Certificate of Amendment of the Restated Certificate of Incorporation of Wilhelmina International, Inc. (incorporated by reference from Exhibit 3.1 to Form 8-K filed July 12, 2017).

Title: Chief Financial Officer
(principal financial officer)

CERTIFICATION OF THE PRINCIPAL EXECUTIVE OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Mark E. Schwarz, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Wilhelmina International, Inc. for the quarterly period ended March 31, 2022;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION OF THE PRINCIPAL FINANCIAL OFFICER
PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, James A. McCarthy, certify that:

1. I have reviewed this quarterly report on Form 10-Q of Wilhelmina International, Inc. for the quarterly period ended March 31, 2022;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

CERTIFICATION OF THE PRINCIPAL EXECUTIVE OFFICER

PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the quarterly report of Wilhelmina International, Inc. (the "Company") on Form 10-Q for the quarter ended March 31, 2022 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Mark E. Schwarz, Executive Chairman of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that, to my knowledge:

1. The Report fully complies with the requirements of Section 13(a) or 15(d), as applicable, of the Securities Exchange Act of 1934, as amended; and
2. The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company as of and for the periods presented.
